Bug Report 1:
- Description: When you win a game, it adds one to losses
- Steps: Choose two Superior Bots, click the duel button. It should say "You won!"
- Expected Result: Wins should increment by 1
- Actual Result: Losses increment by 1
- Environment Sections: Launched on AWS instance, hosted on the web server, pulled from github repo: https://github.com/chaostephen/assessment-qa-devops.git

Bug Report 2:
- Description: When you click See All Bots, nothing happens
- Steps: Open this link in the browser: http://3.141.9.190/ , wait for the page to load, then click the "See All Bots" button
- Expected Result: A list with all the bots and their descriptions should show
- Actual Result: Nothing Happens
- Environment Sections: Launched on AWS instance, hosted on the web server, pulled from github repo: https://github.com/chaostephen/assessment-qa-devops.git

Test Case:
- Description: Navigating on the website, then testing the add bot button.
- Steps: Opening the website, Link Here: http://3.141.9.190/ , Click the draw button, and then click the add bot button
- Post-Conditions: It adds bot to "your duo"
